

As a **Tuscany Destination Management Company** we organize incentive tour in our region and provide services and support thoroughly.

We can propose the right accommodation solution to our guests by choosing among a wide range of 3, 4 and 5-star selected **hotels and resorts**.

We can provide **conference venues** on the coast, on the charming Tuscan hills, in the mountains or in one of the wonderful Tuscan cities such as Florence, Siena, Lucca and Pisa. We provide secretarial service during each stage of your event, as well as modern conference technologies, multimedia services, translations and interpretations.

We offer assistance for your media and **communication projects** and manage the necessary relations with the Italian authorities.

We organize **gala dinners** in breathtaking villas and palaces with any kind of entertainment program. Moreover, we can organize exclusive activities, events, typical product tasting in high-class locations.

Comfortable buses and minivans will be used for **transfers**, but not only: upon request, we can hire private boats, ships, trains or helicopters.

The personnel supporting the event can make the difference. We provide professional, qualified **guides and tour escorts** who live in Tuscany and know the region very well; this way, they involve the participants and turn tour programmes into an unforgivable, authentic experience.

The fact that we are **based in Tuscany** is a considerable advantage, as we can provide complete, on-the-spot support thanks to our young, professional team who will understand the needs of our customers and satisfy their requests.

As a **Tuscany D.M.C.** we offer a series of **Incentive tours** and **Events** which not only satisfy our customers' expectations, but also grant the participants 'playful' access to the authenticity of our region.

We will turn your event into a successful experience!
